Drivers Education Informational

Thursday, June 3, 2010 6:00 pm.
Blue Grass Porsche – 4720 Bowling Blvd.

We will be hosting a drivers education informational class for anyone signed up for the June DE or anyone interested in finding out more about Drivers Ed events.

We will be discussing things like what to expect out of the weekend, what to bring, where to go for tech and registration, answer any questions and watch some on track video from Putnam Park.

If you have any questions contact Mark Lichtefeld 643-4412

President's Report

Tony Proasi—KY Region President

Well by the time you read this Derby will have passed, which brings up the topic of a local PCA get together - in the past it was the Porsche Derby, Autumn Derby, & Octoberfest. Well maybe it is time to bring back one of these events or start something new, and I would like to ask the help of the members for suggestions.

In June we have our first driving event of the season. If you have never done a DE, this is the perfect event for you. Don't be nervous as the event is structured so that beginners can learn how their car will act and what it can do in a controlled environment. If you want to drive up and check it out please do so, as Blue Grass Motorsport does an excellent job hosting the event. So please makes plans to come out.

Thanks,
Tony

The First Annual Bourbon and Coke Tour.....

When: May 22nd (Saturday)

What time: 10:30 am

Meet where: Thornton on Bardstown Road just south of the Gene Snyder.

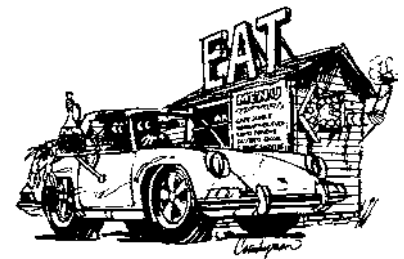

You are in for a real treat for this mid Spring Drive. The May flowers should be in bloom along with the trees making for some real nice photo ops along the way. Our first stop is the wonderful Markers Mark Distillery in Lottero, KY. We'll take a tour of their fabulous operation and do some sampling. (It's not my rule, but you must be 21 to take this tour).

From there we'll travel down one of Kentucky's main back roads, Hwy 62, to Elizabethtown where we'll visit one of our own member's places, the Schmidt Museum of Coca-Cola (www.schmidt-museum.com). We'll plan on touring this facility and have a small cookout afterwards, with everyone's help.

We would like to invite the Bluegrass Region to join us. So plan on being there! Let's have a huge showing for this event...

It must be noted that all Driving Events are always pending weather conditions. If it's raining, the event will be rescheduled. No one likes driving in the rain.

If you have any questions please email: shmc930@hotmail.com

Monthly Membership Meeting Minutes—April

By Chad Rainey, KY Region Secretary

Date: 4/12/2010

Location: El Tarasco

Officers Present: Tony Proasi, President; Jeremy Miller, VP; Richard Darnell, Treasurer; Chad Rainey, Secretary

Board Members Present: Andy Daugherty, Mark Lichtefeld

Chairs Present: Mark Bos, Website Chair; Ken Daugherty, Membership Chair; Steve McCombs and Steven Roundtree, joint Activities Chair; belinda Schweinhart, Newsletter Editor

Attendance: 27 members

The meeting kicked off around 7:30pm and was brought into order by the President.

Topics Discussed:

- Jeremy Miller talked about the upcoming DE (drivers education) and instructor training. The event is June 25-27 at Putnam Park Road Course. Registration will open a few weeks before the event and will be announced on the website.

Instructor training is still planned for Friday of the June DE event (June 25). There will be classroom instruction and the training can hold 18-20 people. The cost for the training is around \$150 per person. Help is needed from instructors to assist with the training.

Randy from Bluegrass Porsche was introduced and talked about the DE that Bluegrass sponsors. He said the dealership likes to bring new Porsche owners up to the track and that the partnership with the club in sponsoring the DE events was a very good thing for the dealership. If you haven't come up to the track, the response from many people is that it is the most fun ever!

There is also a Friday night party sponsored by Bluegrass at the DE event along with a Saturday night dinner.

Randy mentioned that they hired two new employees from the closed Lexington Porsche dealership. Stop by and say hello to these new guys.

- Jeremy mentioned that the Keeneland Concours is coming up on July 17, he is a judge and Ferrari is the featured marque. Jeremy encouraged members to drive up with the club and check out some cool cars and help a charity (the Kentucky Children's Hospital).
- Richard Darnell, the Treasurer, stated that we have money.
- Ken Daugherty said there are 213 primary members and 367 total (including spouse members, etc).
- Ken also mentioned that the breakfast social is also on the Saturday after the monthly meeting at 8am at the Frisch's on Popular Level right off the Watterson.
- Steve McCombs mentioned several activities this year coming up. So look forward to participating and having some fun!

Here are a few of the events for 2010:

Drive to Huber Winery – April 18 (weather permitting) – Meet at the Dairy Queen on Bluegrass Parkway near Hurstbourne at 12:30p and leave at 12:45p.

Bourbon and Coke Drive – May 22 – Drive to the Makers Mark factory in Loretto and then to the Coca Cola Museum near Elizabethtown.

June DE day trip – June 26th – drive up to Putnam Park Road Course to visit the KYPCA DE event.

July 4th weekend – Porsche Parade in St. Charles IL (near Chicago). Cost is \$150 minimum per person. Visit this website for more information and registration: <http://parade2010.pca.org/>

July 17th – Keeneland Concours – featured marque this year is Ferrari. <http://www.keenelandconcours.com/>

July 30/31 – Porsches 2 Oxford – more information visit <http://www.porsches2oxford.com/>

October 3 – Louisville Concours at Churchill Downs. Featured marque this year is classic Rolls Royce. <http://www.concourslouisville.com/>

● Steve also mentioned that the monthly Cars and Coffee in Prospect is starting this month. It is at the Java Brewing in Prospect and happens each month on the 2nd Saturday from 9am to noon.

● For the most up-to-date information, please use the award winning KYPCA.org website. It has ALL the latest information and a new forum to communicate with your fellow members. The website is at <http://www.kypca.org>

The next meeting will be held May 10, 2010 at 7pm. See you there !

KYPCA Drivers Education

2010 Schedule— June 26-27 & September 18-19

Putnam Park Road Course

www.KYPCA.org

WHAT IS DRIVERS ED? - This program is designed to afford participants the opportunity to develop car control and other essential driving skills in an organized manner. People of various skill levels attend these events for a variety of reasons. The common denominator is that they have a great time and learn from their experience. Safety of participants and their cars is our number one concern.

WHY DRIVERS ED? - The principal reasons for Driver Education are to make all of us who participate more skilled and safer drivers and to provide us with the opportunity to learn about our cars and to experience "driving in its purest form". The fact that this happens to be an incredible amount of fun is quite an extra bonus.

Registration opens approximately 4-5 weeks prior to the event.

Ken's Ramblings....

Thankfully the weather has improved and we can get outside and do things...

I recall the Porsche Derby weekends as we watched the weather. Glad we aren't having a PD this weekend as rain is forecasted. I recall one PD when we 'judged' the cars under the portico at the host hotel (now Sullivan University residence dorm). I recall another Concour at Farmington when it poured buckets. When the PD started we had many folks involved and the enthusiasm was strong. As the event aged the enthusiasm waned and folks burned out. We lost money on the last couple and decided it was time to let the Porsche Derby die.

Later we had events at the Corvette Museum. Nice venue, etc., but as I recall all the income went to the Corvette Museum. We worked and they collected. Somewhere in the Corvette Museum's patio is a brick that we bought with the Kentucky PCA's name on it.

Then we tried the Autumn Derby. A nice event but it never caught on.

In the fall we would have the Oktoberfest, generally in the city park across from the Zoo. It was a one day event and we made it an 'all German' event and invited the BMW, Mercedes, etc. to participate. It also faded and was dropped.

My point in listing past 'things to do' is to illustrate that times change. When the PD started we had about 15 folks involved in the administration of the event. As it aged, the last PD only had 4 or 5 folks doing it all. Burnout came fast.

Today other activities have replaced the PD and the drivers' school at Putnam is a success. Times and interests change, for the good.

When John and Shelly Howe, Mike Long, Andy and I hosted the 356 Registry East Coast Holiday at West Baden last September it was a 9 month project that took all the spare time the 5 of us could spare. Fun, worth it and it was a great event.

On 22 May we will again be going to the Tenn. Tubs BBQ. Richard Hughes is the contact, 270 991-4848. This has been a great trip and always another way to meet and greet. The Louisville folks meet at the Cracker Barrel at Brooks Road and caravan to Bowling Green where we meet up with Richard Hughes and caravan to the event. I will post details on the KY Yahoo list as they are confirmed.

Another event that many of us will participate in is the Stoddard Swap meet 12 June. We have been going to this meet for at least 20 years. In the 'old days' swap meets were the only way to find parts for our old cars. Today 'evil-bay' and the internet have made finding parts much easier. But you just can't beat seeing a part, holding it in your hands and having a face to face negotiation with the seller. It's also good to see old Porsche friends and meet new ones.

We will be leaving Louisville Friday morning 11 June for the 6 hour drive to Willoughby (Cleveland area) and be staying at the Super 8 in Mentor Ohio. The rates are about \$69. Don't take the 'safe' option and save a buck.

Friday evening there is a 'literature' meet inside Stoddard's warehouse. This is where the pricey trinkets will be as well as books, shirts and other Porsche related memorabilia. We also have a table reserved and will be selling some of my spares...

Saturday morning we set up in our usual space and again this year Tony Proasi will have the space next to Andy and I. In mid afternoon it will start to slow down and folks will be packing up for the trip home. We usually get back home around 10 pm.

The 1951 356 Porsche motor is finally finished. It has been a two year project. Finding and making parts really slows projects.

It is not the record for 'slow' though. I have been working on Jim Perrin's Denzel motor since 2002. There are very few Denzel cars remaining and even fewer motors. Wolfgang Denzel developed a custom bodied sports car based on 356 parts. The motor was based on the early 356 'two piece' motor block but with a different crankshaft, cam, Pc's and heads. Some of the engine tin is different to accommodate the engine bay in the Denzel body. I have most of the motor assembled but am still waiting on more parts. When all parts are here, I can do a trial fit and take the tin back off and have it stripped and powder coated. Don't want to do any thing until all parts are here and fit is confirmed. I keep telling Jim that neither of us are getting any younger...

Off on another subject...I see that the 'powers that be' are still debating the bridges. It will be a many, many million dollar project when you consider that part of the project is to revise 'spaghetti junction'. My idea is to build the east end bridge first. When it is finished, then do a traffic study and reevaluate the need to have a second downtown bridge. Every truck and car that is coming from the Lexington area and heading to Indianapolis and points north will happily use the east end bridge to save time and avoid downtown Louisville. The traffic thru Louisville will be reduced and possibly the need for a second bridge and the \$\$\$ savings can be better used. But that is just me...

I am still concerned about parking at the new downtown arena. I understand that the 'powers that be' wanted a signature arena in downtown Louisville. They also had dreams of a Pro basketball team. Fat chance...The KFEC would have been the perfect place for the new arena, plenty of parking, easy access to interstates and the airport. Freedom Hall could have been remodeled at a far less cost.

We have nobody to blame but ourselves. We elected those bozos....Maybe November will change things.

Finally, I am in an 'empty the attic' mode. Andy came over and removed 12 boxes of old records. As I go thru them I am reminded of days gone by, like gas at .65 a gallon. One box had the records from the Louisville Automobile Museum that closed in 1997. As the last director, I saved all the records. We saved them in hopes of opening another car museum here in Louisville. It ain't gonna happen so I am tossing all the old files, the policy books, tax records, personnel records, member files with the cars we had, etc. It was a great memory trip of a wonderful experiment. I did save some of the clippings and pictures, just because. Saturday there

(Continued on page 13)

is free shredding at the Zoo and I will be there with several boxes of records that I don't want in a landfill.

Something to consider...

Here's a solution to all the controversy over full-body scanners at the airports. Have a booth that you can step into that will not X-ray you, but will detonate any explosive device you may have on you.

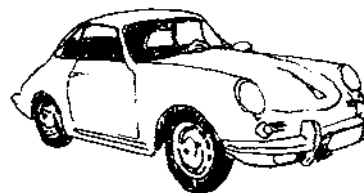

It would be a win-win for everyone, and there would be none of this foolishness about racial profiling and this method would eliminate a long and expensive trial. Justice would be quick and swift. Case Closed!

This is so simple that it's brilliant. I can see it now: You're in the airport terminal and you hear a muffled explosion. Shortly thereafter an announcement comes over the PA system, "Attention standby passengers we now have a seat available on flight number....."

(And don't forget the other announcement... "clean up on scanner #7"!)

The real question is: How many American lives are you prepared to sacrifice, in order to spare a terrorist from experiencing distress?

Drive to Huber's Winery

By Steven Rountree

The turn-out for our Club's first drive of the season was very good with nine cars including one from Lexington. It was a beautiful sunny day. We met at the Dairy Queen on Hurstbourne Lane and proceeded on I-64W to New Albany. After passing the Casino we snaked our way through the back-roads and actually managed to stay together the whole way. We stopped on Skyline Drive to enjoy the view and to take some photos. Afterwards we headed to the Winery, where we enjoyed some live jazz on the patio and a late lunch. Fun was had by all and it was nice to have a good showing of Porsches!

We have moved to better serve you.
