## News articles from PCA....

### Porsche's newest baby

**Forbes**

Porsche didn't leave anything to chance when it designed the Boxster Spyder. This car is stripped down so light it could blow away. The 6-ounce auto-prop holder for the rear trunk? Gone -- you can lift it yourself. The thin silver door-sill panel? Gone. It's a decal anyway. The plastic interior door handles have been replaced with red nylon straps. And don't even think about a radio (seven pounds) or air conditioning (29 pounds).

### How to swap a cell phone for a Porsche in 14 steps

**Porsche Purist**

Could you swap an old cell phone for a Porsche Boxster? According to an article in the San Gabriel Valley Tribune, that's exactly what 17 year old Steven Ortiz did. How, you ask? Time, an eye for a deal and Craigslist.

### Porsches come from far and wide for club's annual meet

**The New York Times**

Hard as it may seem to contemplate, just three years after the last shots of World War II had been fired, Porsche was already concentrating on something as frivolous as a new sports car design. Two years later, the first beautifully engineered, split windshield Porsche 356s were sold through official channels in the United States, thus marking 2010 as their 60th anniversary.

This 911 was driven from Alaska.

### PCA Special Interest Group update

**PCA**

2010 has been an exciting year for the PCA Special Interest Groups. In January our new Cayman Register Team launched an all new Special Interest Group including interactive web forums that allow Cayman enthusiasts from all over to come together and share their passion. Within a month of opening, this formula was shared with the Boxster Register Team and applied to an all new Boxster Register which opened in June.

## Saturday Morning Breakfast Social

The Saturday morning Breakfast Socials are held the first Saturday after the monthly KyPCA meetings. They are at the Frisch's just off the Watterson (I-264) and Poplar Level Road (exit 14) here in Louisville, first coffee is at 8am.

The only purpose is to get together with other Porsche owners for a very informal breakfast and BS session before starting the Saturday 'Honeydoos'. Sometimes there is a Saturday drive or event and this can be the start place. Or maybe we will visit someone's garage for a check on a recent project, being it a car restoration or other project of interest.

The breakfast buffet at Frisch's is pretty good or you can order off the menu and they keep the coffee coming.

Mark your calendar for the monthly meetings AND the Saturday Breakfast. If you are not a 'meeting' kind of person, surely you can join us for breakfast.

Don't forget to drive your Porsche, as we often have parking lot 'tech and admiration' sessions.

No reservations required, just show up....Any questions or comments, feel free to contact me.

# The Summer's Heat Drivers Education

By Steven Rountree

It was another HOT time at the DE in June. I've attended the last four DE's and participated in the last two "Summer Heats". I'd have to say that this one is my favorite so far. Blue Grass Motorsport again provided the Friday and Saturday evening dinners (thank you very much!) as well as the huge tent that provided shade and water to all of us at the track (which we really needed). This DE was a little different in that our Club was having "Instructor Training", and congratulations to those that passed. In addition, two new Boxster Spyders were on-hand along with two Professional Drivers from Porsche that were giving us rides on the track. I had the opportunity to ride with Cass Whitehead, the Porsche Chief Instructor, on both Saturday and Sunday and what an inspiration he was! Knowing that I was a driver for the weekend, he talked me through the entire track on every lap. Wow, what an experience! Plus, you wouldn't have imagined that a stock Spyder could be driven like that either--nice car! My driving on Saturday instantly improved after riding with him and in speaking with other drivers they felt the same way. Someday I'd like to be an Instructor. If you've never been to one of our DE's then plan to at least come to the track to see what it's like. The next event is September 17-19, 2010. Jeremy Miller is in charge and he's in need of some additional workers to help run it. Click on the link, "Fall Festival 2010", on our website, [www.KyPCA.org](http://www.KyPCA.org), to contact Jeremy and for further details regarding the event. We'll see you at the track.

## Cars and Coffee

By Steven Rountree

Cars and Coffee meets in the Prospect Village Center parking lot every second Saturday morning of the month from 9-11AM. It was another good turnout in July with around 60 cars. It's a good way to wake-up on Saturday morning and it's a benefit for Dystonia too. So come out for the next gathering and socialize with some Cars 'n' Coffee on August 14th.

## Ken's Ramblings....

Belinda has titled my column "Ramblings" and this month I will.

Over the years I have learned many things, some important and some not so. I will share some things for your consideration.

One thing we learned early as we made road trips and looking for cheap hotels. One person would check in and the rest would crash in the same room. Coin tosses would determine who got the bed and the rest slept in a chair or on the floor. Remember, this was traveling with a bunch of guys on the cheap. Generally a hotel room that is a single only has one towel. We also learned very early to bring personal towels, etc. It isn't any fun being the fourth person to try to dry with the very soggy single towel.

Another thing we learned is that generally fast food restrooms aren't the cleanest, no matter how they try. The cleanest restrooms when traveling is the restroom in hotel lobbies. If you plan ahead you will know which motels/hotels have a complimentary Continental Breakfast and you can snag some juice, coffee and other freebies. Don't worry, the day desk clerk won't know if you are a guest or not.

Another rule we had was, if the (race) car isn't on the trailer by Wednesday, we don't go racing that weekend. Working all Thursday night to get the last minute things fixed is a bummer. Then trying to finish up on Friday and then drive several hours to the track and remembering that you forgot something. Also don't participate heavily in the pre-race partying. On the track with a hangover doesn't improve your performance.

Things have changed a lot since the 60's and I am sure the new generation has developed their own ways to travel,

Among the most memorable trips were when we went to Laguna Seca with Ray Knights Sauter Roadster. The first trip I rode with Ray and crew in the Aerostar van pulling the trailer. We stopped in Reno and overnighted there. We went to Lake Tahoe to see the sights and also stopped at the Bonneville Salt flats to see the high speed runs. The glare off the white salt was a killer. Sunglasses a must. Lots of good memories.

There are several acronyms that I recall, and BOHICA comes to mind. Appropriate for the what the administration is doing to us with 'health care', financial 'reform', 'comprehensive immigration 'reform' (aka, amnesty for the illegals), or whatever else they can ram thru, especially with a lame duck congress that will have from November to January to pass bills that nobody wants. Oh yes, BOHICA? Bend Over Here It Comes Again.....

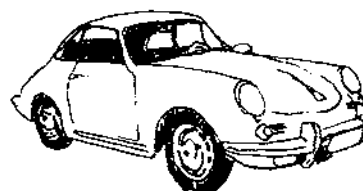

I didn't make it to the Keeneland Concours. I understand it was great...My friend, George Kehler from Tennessee showed his '55 Speedster. I needed to deliver an early 356 motor to him so Friday evening Richard Darnell headed to Lexington to meet George at the hotel. It was simpler to meet him at the hotel on Friday than to try to deliver it on Saturday when he would be very busy with the Concours. Richard was assigned navigator duties and thankfully he knew the back roads eastbound. There was a truck wreck on eastbound 64 that

*(Continued on page 13)*

had traffic tied up for miles. Folks were being routed to US 60 and we knew that would be a mess so Richard guided us down Taylorsville Road to Simpsonville. Not as bad as trying to get to Rt 60. Still, it took us an hour to just get to Simpsonville.

The KYANA 75th Jubilee car show was amazing. Estimates had over 685 classic cars on exhibit in the KFEC NE wing. It was an opportunity to see cars that are normally only seen in magazines. KYANA did an outstanding job hosting the AACA's 75 anniversary party.

# The Keeneland Concoures

By Steven Rountree

It was another very nice Concoures event on Saturday, July 17th. We had twelve Porsches and a few others leaving out of Louisville and driving together to Keeneland. The Porsche Corral was set-up by the Bluegrass Region and they were expecting us when we arrived. There were nearly 100 Porsches again this year. Blue Grass Motorsport had a tent with the new Boxster Spyder, a new Carrera Turbo S Cabriolet, and a super-sharp, Black Carrera GT on display. This event benefits the Kentucky Children's Hospital and not only was money raised by the Concoures Event but also by the 14 Car Clubs in attendance. As last year, Porsche won the "Car Club Challenge" and raised nearly \$8000! Ferrari was the featured manqué this year and there were a lot of them on display. The Judges awarded three Blue Ribbons to Porsche this year and the winners were: a stunning Fjord Green/Natural Brown 1958 356 Speedster, a beautiful Wide-Bodied Guards Red/Black 1987 Carrera Cabriolet, and a "Future Classic" Speed Yellow/Black 2010 Carrera GT3. There were also some early model motorcycles from Harley-Davidson, Triumph, BMW, Indian, Vincent and a very rare Ner-A-Car. There were also some really sharp wooden boats from as early as 1926 and up to 1962 that looked like new. It was mentioned in our last club meeting that this event is thought of as a "Top-7 Concoures in the USA". It was a great show and it's very close to home, so if you missed it then plan for next year.
