Saturday Morning Breakfast Social

The Saturday morning Breakfast Socials are held the first Saturday after the monthly KyPCA meetings. They are at the Frisch's just off the Watterson (I-264) and Poplar Level Road (exit 14) here in Louisville, first coffee is at 8am.

The only purpose is to get together with other Porsche owners for a very informal breakfast and BS session before starting the Saturday 'Honeydoos' . Sometimes there is a Saturday drive or event and this can be the start place. Or maybe we will visit someone's garage for a check on a recent project, being it a car restoration or other project of interest.

The breakfast buffet at Frisch's is pretty good or you can order off the menu and they keep the coffee coming.

Mark your calendar for the monthly meetings AND the Saturday Breakfast. If you are not a 'meeting' kind of person, surely you can join us for breakfast.

Don't forget to drive your Porsche, as we often have parking lot 'tech and admiration' sessions.

No reservations required, just show up....Any questions or comments, feel free to contact me.

President's Report

Steve McCombs—KY Region President

Hey everyone, Happy New Year, and wishes for a truly wonderful 2011.

I would like to start off with asking for help from all the membership in making our 2011 calendar year interesting and fun to be involved. The calendar is wide open for suggestions of things you would like to do. We've all gone through some difficult economic times here and we need to add a little fun in our lives for a change. The website is up and it's a great place to post your ideas. We already have plans for two DE's this year in June and September and we'll be planning on some additional events to go along with them. Some suggested ideas for drives are: the bourbon trail, the Corvette Museum, over night trip to the Smokey's, the P20 event in Ohio, along with the Keeneland Concours and the fall Huber Drive. Any other ideas are welcome!

Along with the New Year comes new officers. This year the changes are the president's position and a new board member, Jason Miller. I would like to thank Tony Proasi for his time and support as 2010 president and Edgar Smiley for his time and support as board member.

As the 2011 president and a returning past president, I would like to focus this year on new members. As we all know new membership is the life blood of any group. I would like to ask all of the membership to welcome the new faces and offer them any kind of club support you can. Again this year we'll have our membership meetings at different restaurants with the purpose of having a fun get-together that is informative and worth attending. I'm always open and eagerly expecting ideas on how to make your Porsche club experience a real value. Our members have a wealth of Porsche knowledge on how the different cars work and perform which is there for the asking. The website can offer a venue in which to gain some of this knowledge. I will be using the website for most, if not all, of my inputs concerning the Club's function. It's an award winning website and easy to use. Heck, by visiting it once a week for 15 seconds you could find out what's going on in the club.

The first 2011 club meeting will be at TGI Friday's in Plainview. If any club member has a relative, a close friend or a neighbor that has a restaurant/eating establishment and would like to have the Club meetings at their place, we'd be happy to try that (with enough notice). We are always looking for fun places to go for our meetings.

I'm eager to get 2011 started with cool stuff to do. Help me push the enthusiasm.

See ya soon,

Steve McCombs

Churchill Downs Concours d'Elegance

By Steven Rountree

This year's Concours event on October 3rd featured Rolls-Royce. It was a chilly start to the morning when we met in the parking lot of the Wagner's Pharmacy near Papa John's Stadium. We paraded-in as a Car Club through the tunnel on the outside of turn two of the track. We had thirty Porsches total this year which was significantly up over last year! Our challenge was to beat the Corvette Club which only had 18 cars. We had a few Porsches from Lexington and Indiana that joined us. The sun finally came out in the afternoon which made the automobile gazing more comfortable. We sold all fifty tickets which benefited Brooklyn Child and Family Services. The Best in Show went to the 1938 Alfa Romeo 8C 2900 Touring Spider. Many thanks to all those that could make the effort to come out on a cold Sunday morning to see all the beautiful automobiles!

Be sure to check out the online version of the newsletter to see the photos in color.

John Howe bought a 59 Conv D this weekend. He and Andy Daugherty drove to Michigan to pick it up. Very nice car. Andy did a quick tune up. See video. Yes, that is a nickel balanced on the oil filter nut with the motor running. (If you would like to see the video, contact Ken Daugherty and he will email it to you.)

How would you like to learn about local PCA events? The newsletter, a postcard, an email, the Yahoo Group, the KY Region website calendar?

Some comments from Robin Garr regarding L&N Wine Bar and Bistro:

With a full slate of more than 50 well-chosen wines available by the bottle, full glass or 2-ounce tasting glass, this establishment has become a mecca for local "wine geeks." But it's not just about the wine: L&N scores for food as well as drink. High-quality fare and an unmatched wine program, in a relaxing, comfortable old-house setting with first-rate service to match, this still-new spot earns my "A" rating at the top of four-star country.

Ken's Ramblings....

On 7 December (anniversary of Pearl Harbor) I was 'chatting' with a friend and he mentioned that he has been to the Arizona memorial and also to Nagasaki to see that memorial. He described the areas as 'moving' as well as spooky.

Here in Louisville, we have Waverly Hills as a designated 'spooky' place. I have often thought it would be fun to tour the place but access is limited and I would want to do it on Halloween to get the full effect :-)

The spookiest place I have been is Andersonville Ga., the site of a Confederate Prison camp in the Civil War. It was a dull dreary day with a light drizzle of rain and a bit of a chill in the air. I took the self guided tour with the recorded explanation of what I was seeing. I had read McKinley Cantors book, 'Andersonville' and his words came to life as I toured the area. I could almost feel the misery of the prisoners as I saw the actual place where they suffered and died. Not sure about ghosts but I seemed to feel a 'presence'.

As we watch TV we see many ads for various medications. The spooky part of the ads is the disclaimers listing the side effects. I would rather have the medical problem than to take the risk of the side effects. On the same subject how about these slogans. For Breast Cancer awareness... 'big or small, save them all' or for Avodart 'get a start with Avodart'.

Andy and Darren are making serious progress on the '59 cabriolet body shell. The floors are now in place as is the engine bay. The car had been hit in the rear and damaged the inner panels and the engine bay was distorted. They split the subframe at the rear and pushed it back in place and replaced the bad metal. The headlight buckets will be replaced as well as the fender area around the buckets. The door bottoms are also on the replace list. The hood has a kink when it was closed improperly, That will be fun to fix. If his schedule holds it should go to Paul Daugherty's body shop by years end. Then we start cleaning up the parts, ordering the interior and top material, sending the instruments out to be restored and ordering a new wiring harness as well as fresh chrome work.

I know things are going to H. I have been ordering the G. Gordon Liddys 'Stacked and Packed' calendar for the garage for many years. It features good looking women with firearms. Yesterday I called to order the 2011 version and was advised that they wont have one for 2011. Bummer

Next I was going thru the bolt and nut inventory and needed to order some fresh stock. I called my usual supplier and the phone is disconnected. I must assume they are out of business... A pity, they have been a reliable source for the odd metric hardware I need and use.

Recently I was approached by a fellow and he asked me the quickest way to get to St Matthews. I asked him if he was walking or driving and he said driving and I told him that was the quickest way :-)

I still believe that for a person to receive 'public assistance' they should pass a drug test. If passing a drug test is required for employment, then a drug test should be required to receive a govt check.

(Continued on page 13)

While on my soapbox, I see where the city of Berkley Ca has voted to honor PFC 'leaky' as a hero. Also Berkley has disallowed military recruiters. I suggest that the next time 'Berzerkley' has a civic emergency and the National Guard is needed, the NG should tell them sorry, we are busy..

I note some folks in Washington are whining about 'Compromise'. As I recall for the past two years the 'out of office' party was locked out of any discussions about the health care bill and the stimulus. I remember Princess Nancy telling us to pass the bill so we could see what's in it. I also understand that Princess Nancy will not have access to the luxury airplane to fly around in after she loses the Speakers job in January. Word is that she will be using Southwest Airlines, 'bags fly free'.

I want to wish all a Merry Christmas. I see many retail stores will not use Christmas in their decorations and advertisements. When I shop I always wish the checkout clerk a Merry Christmas and note the uncomfortable look on their face, because they are afraid to return the greeting because it violates a 'corporate policy'.

Mark Twain wrote 'If you don't read the newspaper, you are uninformed. If you do read the newspaper, you are misinformed'
